AnyMP4 Blu-ray Copy Platinum Product Key Full Free Download [Mac/Win] (Final 2022)

AnyMP4 Blu-ray Copy Platinum Serial Key Free Download [32|64bit]

AnyMP4 Blu-ray Copy Platinum Full Crack is a helpful utility that enables you to manage your Blu-ray movies, whether you wish to create local backups, clone discs, burn content or extract specific titles. It offers a fairly basic set of features, along with an intuitive interface that should not pose too many problems to novices. Save your Blu-ray movies locally in several formats When it comes to backing up your data, you can decide whether you want to save the contents of your discs to Blu-ray folders or an ISO image file. The application should detect the source automatically, but you can also select it yourself. AnyMP4 Blu-ray Copy Platinum also enables you to compress the contents of BD-50 discs, reducing file size with the aim of making it possible to burn movies to BD-25 discs. Moreover, you can switch to the Main Movie mode if you wish to specify which titles should be extracted, and you can even preview them within the application. Clone Blu-ray discs and write data If multiple Blu-ray drives are available, the program allows you to copy content directly from one to another, so as to avoid having to save anything on your computer. Furthermore, it is possible to select Blu-ray folders or ISO images that are stored locally and burn then to discs in a fairly straightforward manner. No-nonsense software utility that should be appreciated by novices On the whole, AnyMP4 Blu-ray Copy Platinum is a relatively straightforward piece of software that enables you to backup Blu-ray movies, burn content to discs and create clones, as well as extract specific titles. It is not particularly difficult to use, as it features a streamlined UI and is bundled with a fairly decent user manual. Naturally, professionals might not be pleased with the limited number of functions that are available, but this program is a great choice for inexperienced users.
